PROJECTS

Sorriso Ezmerli

WordPress Clinic Website

- Converted a Figma design into a fully responsive WordPress website using Elementor and developed a **custom booking plugin** for clinic appointment management. Focused on seamless UX, modular components, and tailored functionality to support clinic workflows.

The Portal Agency

Custom WordPress Solution

- Developed custom Elementor widgets and enhanced the WordPress site for The Portal Agency. Focused on delivering tailored front-end components that boosted flexibility, reusability, and client-specific functionality.

Nexa Blocks Templates Library

WordPress Gutenberg Templates

- Contributed to building a library of 27+ WordPress website templates using Gutenberg blocks. Converted Figma designs into flexible, reusable block-based layouts with a strong focus on performance, structure, and consistency.

NolviShop

WooCommerce Store

- Customized and configured a WooCommerce e-commerce website using a premium WordPress theme to match business requirements and improve user experience.
